

REBOTEC®

QUALITY

MADE IN GERMANY

Rebotec by Roland Priestley Mobility Centre

REBOTEC

MADE IN GERMANY QUALITY

German engineering is culturally synonymous with high quality, durable craftsmanship and sound, efficient design.

Choose REBOTEC, a better quality option.

REBOTEC uniquely designs, builds own tooling, manufactures and assembles in Quakenbrück Germany.

Premium quality, made in Germany.

The staff are well trained, responsible and looked after to prioritise reliability, consistency and quality control over volume and profit. Highly trained employees are Rebotecs guarantee of quality.

Precise in-house built tooling and low manufacturing tolerances produce an exceptionally high quality product. We test safety to exceed all applicable international quality standards.
